

# Home Defense Safe Room Setup

## 1.) Flip-Locks

- Install [Flip-Locks](#) using **2” steel screws!**
- Remove and replace door hinge screws, ***one screw at a time, with 2” steel screws!***

## 2.) GunVault

- This is the **GunVault 300 lock box** to secure the firearm in the Safe Room. ([Purchase online for the best price!](#))
- Never store firearms for home defense using keyed locks, **only combination locks!**

## 3.) Cell Phones:

- Take **old cell phones** and put them on chargers in different rooms. **Any cell phone can call 911!**
- Kids should have a cell phone to call 911 in an emergency too.

## 4.) Nightlights & Ball Lock & Roll-pins:

[Roll Pins](#) (glass doors and windows locked with Roll-pins).

- Nightlights with **red** or **blue** bulbs or Flashlight with red lens.

- **Home Alarms should contact the company wirelessly.** They should use a **cell phone contact system**, and not a hardwired phone system that can be cut.

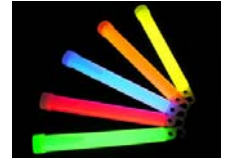

## 5.) Other things:

- You can use the **panic button** on your car key fob!
- **Hornet Spray** (*Works much better than pepper spray or Mace!*)
- You can use a simple **AIR HORN!** ([Purchase online for the best price!](#))

## 6.) Help the Police:

- Have a **floorplan** of the house **laminated**, pictures of **people living in the house** on the other side. (*Faces must be clear and easily identified.*)
- **Key to front door, floorplan & pictures** all clipped together on a **glow stick** to pass to police out of a window.

## 7.) Outside the home:

- Grounds and Landscaping (Cut back shrubbery)
- Exterior (**motion floodlights, etc.**)
- Back into the garage providing full view so that no one can sneak in.
- Have your bright lights on when coming home after dark.
